I'm just seeing this Eve. Sorry! The ticket state it was completed. Can you confirm whether I still need to flag this for UHRC?

Hello there! Could you please prioritize this encampment service request for our CARE response team? I will open a separate SR for the other encampment she mentions at Stan's Liquor, and will send under separate cover. Thank you!!

This is what I submitted through LASAN this morning:

Thank you for submitting this service request. Service Request #1-1487262851

"The main person is Chance. He LOVES this location and is always there in the morning/late afternoon into the night. Sometimes he is there all day, sometimes not. If he survives the winter I will be surprised. He is often accompanied by Frog. They are both Shelter Resistant and alcoholics. They have been contacted by George. My concern after the one for their well being is what is being deposited on the sidewalk that sees a lot of foot traffic: Urine, feces, alcohol, vomit, other bodily fluids. Chance has a chronic, hacking cough. It is very dangerous to step into the street as this is a very busy ingress to the bank with cars coming from both directions. However, I Will NOT walk on that portion of the sidewalk"

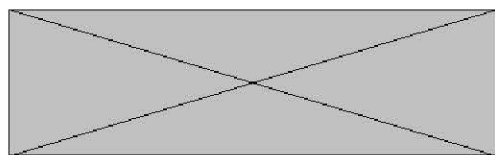

Cesar, I also noticed on my way to work this morning (6:15am) the uptick of vagrants in front of Stan's Liquor at 7816 Foothill Blvd, right before Mt. Gleason is you are traveling East. There were about 3 or 5 people scattered about sleeping. I've never seen them there before. I know we have also seen an uptick of issues in that area (shooting, naked men in El Polo, etc).

I am requesting that your A-car officers be proactive in making sure basic laws are being followed regarding sleeping on the sidewalks during the daytime hours.

Thank you,
